A little bit about how The Coastal Federation works.....

by **Annie Edwards**
(Federation Chair of Governors)

The Coastal Federation was set up four years ago upon the retirement of the three Headteachers - all at the same time! This gave the Governors of each school the opportunity to think differently about how their schools could continue to be sustainable in regard to ever-diminishing budgets and the difficulty of recruiting 3 high calibre Headteachers at the same time in close

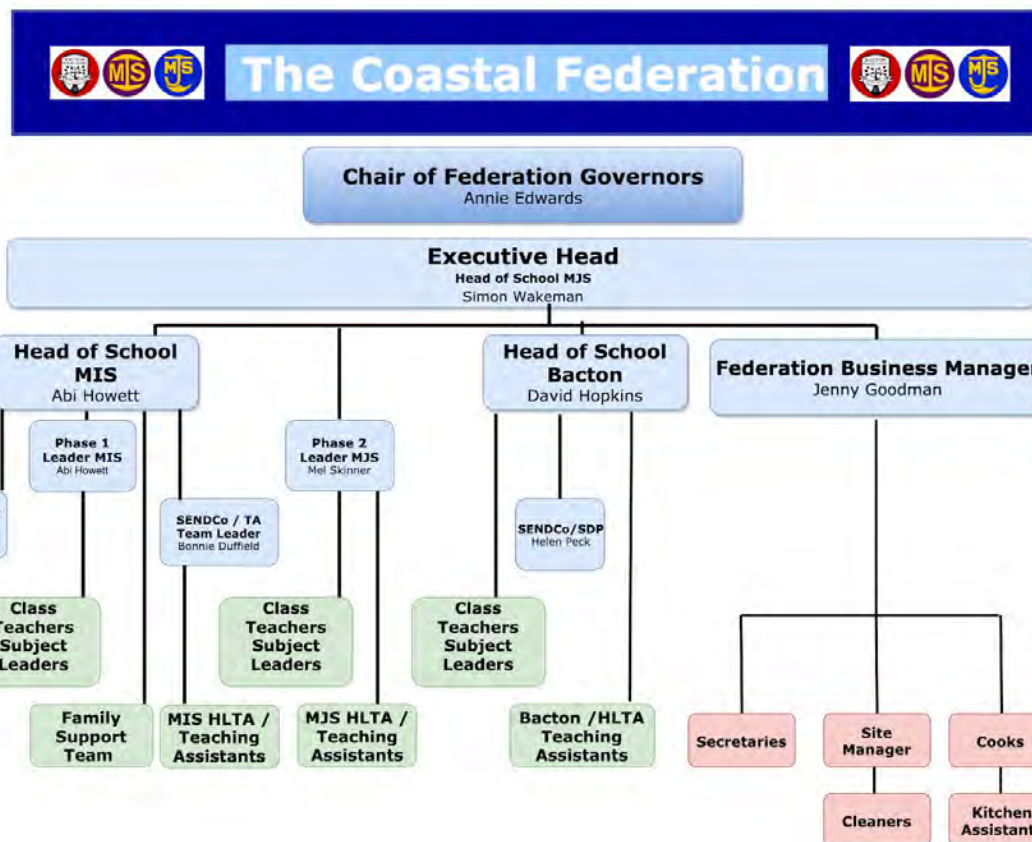

geographically locations (two schools sharing the same site) The Local Authority, which fund schools, say that schools under 120 pupils, although crucial in our small village communities, are expensive to run and can become isolated with regard to school improvement.

The three separate Governing Bodies decided to form a hard-federation- this is when separate Governing Bodies come together to form a single body made up of existing Governors from each school, over the last three years new Governors have also joined the team.

We appointed an Executive Head (EHT) - who has overall responsibility for the 300 children and large staff teams, buildings and finances. The EHT is accountable to the Governing Body for the standards and results in each school.

The diagram above shows the structure of The Coastal Federation, which is cost-neutral, compared to a traditional model of three separate headteachers. The Heads of School, alongside the Phase 1 and 2 Leaders (at MIJS) are the day-to-day contacts for parents, should any issues escalate further than your child's class teacher. Although the EHT is based at the Junior School, due to the nature of the role (overseeing the three schools) is a more difficult person to guarantee being able to 'catch' first thing in the morning or after school but is more easily contactable via email or phone (exechead@coastalfederation.com) in order to arrange a meeting. You can also contact me - chairofgovs@coastalfederation.com regarding any school issue.

I hope that this summary gives you an idea of how The Coast Federation 'works'. In the end, it is only a structure and although important, it's the day to day contact with our super teachers and support staff that make the big difference to your child's time at school.
