'together aspire, together achieve, together we are stronger...'

Friday 30th April 2021

Dear Parents and Carers,

New weekly communication format

Over the past few years it has become custom for us to share weekly messages and updates from classes via news sheets and newsletters. You may have noticed there has been a short break in these communications. This has allowed us to focus on our 'new' look websites and develop a revised system for communicating these updates to you, which we are now in a position to share with you. We are aware that the majority of parents and carers use electronic devices to access the updates and wanted to make our communications with you as easy as possible. For this reason our weekly updates now display perfectly on a mobile phone as well as a tablet and computer.

Starting today, weekly updates for each class will be added to the school websites. This will include information about what your child has been learning that week and in most cases will include accompanying photographs. These class updates can be located using either the classes tab or the latest news tab along the top of the page. The website will also be used for more general reminders, information and recently issued letters. These can also be accessed from the latest news tab - live info section.

When the weekly updates for each school are available to view we will alert you by sending an email with a link to the latest update page and also add a link on our Facebook pages.

Our vibrant and informative new websites for all three schools, (Mundesley Infant and Junior Schools and Bacton Primary) are live and waiting for you to visit. We hope you like what you see and welcome your feedback. Happy browsing.
