AIM Federation: Small schools, big opportunities

11th June 2025

Dear Parents and Carers,

We are encouraging the children to move as much as possible during the summer term and have lots of exciting equipment that they can use both in school and at home.

Last week, the children saw the new resources that were purchased using funding raised from the Olympic athlete who previously visited the school. This included volley balls, a new net that can be used for tennis, badminton or padel ball, and a range of other equipment that will be used both in lessons and during break times.

In addition to this, our Hire Hub is open every afternoon, so you can borrow a wide range of activities and games over night, or longer. To encourage the children to get active and use the equipment as much as possible we are introducing our new Move to Win scheme. Every time the children borrow something from the Hire Hub they will earn themselves a move point. Once they have received 5 move points, they will have their name entered into a draw to win a prize at the end of term. We will keep a record of when children borrow the equipment so we know how many times to enter their name into the draw. However, we will also give each child a Move to Win chart so they can make a note at home of how many move points they have collected between now and 22nd July.

The Hire Hub has some amazing equipment that can be borrowed: from scooters to den building; swing ball to cheerleading; and much, much more. We hope you and your family enjoy having access to this amazing resource over the summer term, and all aim to Move to Win!

Kind regards
Robbie Houghton
Head of School
