AIM Federation: Small schools, big opportunities

Wednesday 10th September 2025

Dear Parents/Carers,

Re: After School Clubs

We are pleased to share that this academic year we will be offering a wider variety of after school clubs. These clubs will give children the chance to explore new activities, develop their interests and skills, and enjoy exciting experiences beyond the classroom. Our aim is to provide something for everyone, so that every child can find a club they look forward to each term.

Attending after school clubs offers children a wide range of benefits. They provide opportunities to explore new interests, develop skills, and build confidence outside of the classroom. Clubs also encourage teamwork, resilience, and creativity, as well as supporting children's physical and emotional wellbeing. They can help foster friendships across different year groups and give children a sense of belonging and pride in their school community.

During the first half term of the autumn, spring and summer terms we will be running clubs which will be free of charge delivered by our class teachers. There are a range of clubs available which are shown in the table below. These can be booked by emailing the school office: office-bacton@aimfederation.org . The free, teacher led clubs will start week commencing 15th September and run for 5 weeks ending on 17th October. Premier Sport will continue to run every week of the term. Autumn term clubs are available for pupils in Year 1-6.

During the second half of the autumn, spring and summer terms, the teacher-run clubs will not take place. However, the Premier Sport Club will continue to run weekly. Please note that we will no longer be running a homework club on Wednesday afternoons.

We hope as many children as possible will take advantage of these fantastic opportunities. Please email the office with your request for clubs - if your child would like to attend more than one club, please specify which club is first choice and we will allocate second choices where spaces allow. If a club is oversubscribed, we may be able to offer the club again next term.

Yours sincerely
