Dear Parents and Carers,

Subject: Important Information Regarding a Children's Book Series

We have been made aware of an issue concerning a set of children's books - the Spy Dogs/Pups and Spy Cats series written by Andrew Cope. These books include a link encouraging children to visit a website to find out more about the characters. It appears that this website has been compromised and now leads to a site containing highly inappropriate material and images, with no age filter in place.

Although we do not believe that we currently have any of these books in school, we are checking all classrooms and library stock to ensure that any copies are removed immediately. We are sharing this information to alert you in case your child has any of these books at home.

We have also reviewed our school internet filters and can confirm that the website mentioned in these books is blocked by the systems we have in place.

Thank you for your understanding and support in keeping our children safe.
